Dear Supervisors:

ADOPTED

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

18 April 30, 2013

SACHI A. HAMAI
EXECUTIVE OFFICER

**COUNTYWIDE CLASSIFICATION ACTIONS
(ALL SUPERVISORIAL DISTRICTS)
(3 VOTES)**

SUBJECT

This letter and accompanying ordinance will update the table of classes of positions by adding one new classification of Relief Physician to provide for the implementation of a Physician Registry, as negotiated on behalf of the represented physicians. In addition, it will make necessary revisions to Title 5 – Personnel of the County Code to reflect changes to the Security Program.

IT IS RECOMMENDED THAT THE BOARD:

1. Approve the creation of the new classification Relief Physician.
2. Approve the accompanying ordinance amending Title 6, Salaries, of the County Code which is necessary to implement Recommendation 1 above.
3. Instruct the Auditor-Controller to make payroll system changes necessary to implement the recommendations contained herein.
4. Approve the accompanying ordinance amending Title 5, Personnel, of the County Code to update the County Security provision and to make technical corrections as needed.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Negotiations were concluded with the Union of American Physicians and Dentists (UAPD) and the subsequent Memorandum of Understanding (MOU) was approved by the Board on November 20, 2012. Article 35 of the MOU (Attachment B) details the creation of the pilot Physician Registry to determine if a cost savings can be realized, where flexibility in physician staffing is needed to meet changing patient census numbers, by using part-time hourly County physicians in lieu of contract physician registries. This recommendation (Attachment A) will ensure the proper classification and compensation for these positions based upon the agreed creation of a Physician Registry.

Relief Physician

The classification of Relief Physician is essential to populate and support the County's Physician Registry (Registry). Incumbents holding these positions will be assigned to the Registry and licensed to render specialized professional medical services in a specific field on an hourly as needed basis.

Permanent full-time County employees participating in the Registry will be placed on the temporary Relief Physician positions pursuant to Section 6.16.010 of the County Code. Any temporary work performed as a Relief Physician may not exceed 24 hours in any one calendar week, per existing restrictions on outside employment.

Pay Structure

The variable hourly rate for the Relief Physician recognizes the current 40 medical specialties. As stipulated in the MOU, the hourly rates bear a cap of 75 percent of the top tier hourly rate for contractors in the same medical specialty. The contract physician registry tier rates are shown in Attachment C. Information showing the medical specialties and the allocation of the ranges are shown in Attachment D. The pay schedule tables are shown in the attached Ordinance.

Part-time temporary employees who do not hold another County position may elect to be paid at the higher hourly rate for their specialty with the understanding that they forego all benefits. If they do not agree with this stipulation, they will be paid at the established hourly rate for their specialty.

Security Program

The amendment of County Code Section 5.12.200 will ensure that the County Security program provision is in alignment with current County practices. It will further delineate the chief executive officer's responsibility for advising the board of supervisors and making recommendations after periodically reviewing the assignment of individual County officers to specific levels within the security program. This amendment will also make minor technical corrections to this section.

Implementation of Strategic Plan Goals

The actions recommended in this letter promote workforce excellence by resolving workplace issues while maintaining financial responsibility.

FISCAL IMPACT/FINANCING

No additional funding is required.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The County Charter authorizes the establishment and maintenance of "a classification plan and the classification of all positions." This responsibility is further delineated in Civil Service Rule 5.

The accompanying ordinance implementing an amendment to Title 6, Salaries, of the County Code has been approved as to form by County Counsel.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Your approval of this classification and compensation recommendation will enhance operational effectiveness by providing supplemental specialized health services using County physicians.

Respectfully submitted,

ARTICLE 35

PHYSICIAN REGISTRY

The County finds that there is a need for flexibility in physician staffing to meet changing patient census numbers, and requirements for specialty services. This need has typically been met through contract physician registries. To determine whether it is more cost-effective to provide supplemental services using County physicians, the parties agree to create a pilot Physician Registry composed of members of this bargaining unit.

Each County department wishing to participate in the registry shall designate a coordinator for the Physician Registry. Employees in this bargaining unit who elect to join the departmental Physician Registry will notify the coordinator of their interest, and provide him/her with their availability for work on a monthly basis. Physicians will not be eligible for registry work during a work week in which they have taken time off without pay, or taken exempt leave (019 time). Full-time permanent County employees on the registry will be placed on an additional temporary position pursuant to Section 6.16.010 of the County Code. Supplemental temporary work on the additional position may not exceed 24 hours in any one calendar week, per existing restrictions on outside employment.

Compensation for the additional temporary position shall be 135% of the physician's normal base hourly wage. Hourly rates will be capped at 75% of the top tier rate for contractors in that medical specialty, or 110% of the physician's normal base hourly wage, whichever is greater. This will be the total compensation for the temporary position. The secondary position will be without benefits of any kind.

If the CEO determines that there is a shortage of physicians within one of the specialties identified in the physician pay plan, the hourly rate may be adjusted. Part-time temporary employees who do not hold another County position may elect to be paid at the higher hourly rate for their specialty if they agree to forego all benefits. Otherwise, they will be paid at the established hourly rate for their specialty.

The parties agree to conduct a study of the pilot to determine if the registry was successful in addressing the need for flexible physician services at a lower cost than contract registries.

This article will expire on September 30, 2013. It may be renewed by mutual consent.
